Edinburgh Guarantee Schools Bulletin
Week beginning 29 February 2016

Welcome to the Edinburgh Guarantee Schools Bulletin. Each week we will be highlighting the opportunities currently available through the Edinburgh Guarantee.

The Edinburgh Guarantee exists to make sure that every school leaver in Edinburgh will leave school with the choice of a job, Further Education or training opportunity.

Would you like to:

✔ Find out about available opportunities for you?
✔ Understand Edinburgh’s job market?
✔ Explore your options on leaving school?
✔ Find out where to get help to get into employment, education, or training?

For answers to these questions, please visit our website www.edinburghguarantee.org where you should Register, complete your Member Profile, sign up for Job Alerts and apply for the Current Opportunities advertised in this bulletin.

If you would like to speak to one of the Edinburgh Guarantee team to find out more about any of the opportunities, please call Susie on 529 3257 or Sheena on 529 3525 or email edinburghguarantee@edinburgh.gov.uk.
The Edinburgh Guarantee has a Facebook page so now we can talk to you even more.

Coming soon... new opportunities to look out for over the next few weeks:

Edinburgh`s Early Learning and Childcare Academy
Modern Apprenticeships in Early Learning and Childcare

Edinburgh’s Early Learning and Childcare Academy’s award winning SVQ training is a work based programme to train Modern Apprentice Early Years Practitioners in Early Learning and Childcare. We are about to recruit for the next cohort of Modern Apprentice Early Years Practitioners to commence in August 2016 on the two year training programme. There will be 15 places available and interviews will be held in April.

The City of Edinburgh Council is the first local authority in Scotland to develop this type of training programme which allows trainees to learn and earn at the same time. Successful applicants are appointed on a Grade 3 salary of £14,796 per annum. Apprentices will have the opportunity to work in a range of Early Learning and Childcare placements across Edinburgh during the two years of the training.

The qualification covers eight units in total. Four core units look at Communication, Reflection and Practice, Safeguarding Children and Health and Safety. There are four optional units which have been chosen to reflect the settings that the candidates are working in. These are Engaging with Families in ways that encourage them to be involved in their children’s learning and development, Promote Children’s Well-being and Resilience, Implement Frameworks for Early Education through the Development of Curriculum Planning and Implement Positive Environments for Babies and Children.

The apprenticeships will be advertised on www.myjobscotland.gov.uk.

If you are interested, further information on the programme is available from Jaynie McPherson on 0131 529 6234 or 07920 782 391 or email: jaynie.mcpherson@edinburgh.gov.uk.
The Edinburgh Guarantee exists to make sure that every school leaver in Edinburgh will leave school with the choice of a job, Further Education or training opportunity.

Job Title: Cultural Venue Operations - Modern Apprenticeship – 9 posts

Contract: Two Year Fixed Term

Salary: £16,000 per annum (Pay range £16,000 - £17,114)

Employer:

Historic Environment Scotland (HES) has been established as the new lead public body to investigate, care for and promote Scotland’s historic environment. Established in legislation, HES will build on the strong and long-established performance of Historic Scotland and the Royal Commission on the Ancient and Historical Monuments of Scotland (RCAHMS) who have been managing and recording the historic environment for over a century.

It will continue to manage some of the most historic attractions in Scotland, making a significant economic impact, with improvements bringing benefits to visitors and future generations alike. It will engage with others at a local, national and international level. Collaborating with local authorities, community planning partnerships and businesses, it will create environments which contribute to everyone's well-being, whether as a place to visit, to invest, to work or simply to live and enjoy. Improved ability of world class resources will ensure that our historic environment is more widely appreciated, understood and celebrated.

It will deliver a complex set of ambitious aims and expectations, supported by passionate, knowledgeable and enthusiastic staff and volunteers. It will be one of the most important cultural organisations in Scotland, an exemplar of good governance, modern management and high achievement.

Work Environment

Historic Environment Scotland is offering nine school leavers the opportunity to join the team at Edinburgh Castle on a two-year Modern Apprenticeship contract. Edinburgh Castle is Scotland’s most popular paid visitor attraction, welcoming around 1.5 million visitors annually.

This is a fixed term and pensionable appointment from April 2016 to March 2018.

What might a day in this job look like?

Modern Apprentices are required in the three areas of the Castle:

Admissions:

- Provide a world class welcome and direct visitors as appropriate upon their arrival at Edinburgh Castle
- Sell appropriate tickets and products to all walk up visitors
- Ensure all vehicles entering the Castle and parking on the Esplanade have the appropriate approval
- Ensure the security and safety of the visitor, whether arriving on foot, by bus or by car, and any other activity taking place on the Esplanade throughout the day
- Ensure all group visitors to the Castle are welcomed and their access into the Castle is managed as efficiently and effectively as possible, providing additional information as appropriate
- Provide information on other Historic Environment Scotland sites and services available to visitors
- Process sales, while ensuring that all financial procedures are adhered to and carried out accurately and efficiently.
Guiding:

- Welcome and assist visitors on their way around the Castle
- Work on both indoor and outdoor posts throughout the Castle
- Oversee the security, cleanliness and tidiness of the various apartments throughout opening hours
- Knowledge of Scottish history and the Castle would be advantageous, although training will be given
- Additional duties may include driving our mobility vehicle.

Retail:

- Carry out the daily operational duties of the shop as requested by the supervisor or retail management
- Maximise trading income through selling and upselling appropriate merchandise
- Process sales, whilst ensuring that all financial procedures are adhered to and carried out accurately and efficiently
- Ensure the correct pricing of stock
- Ensure the shop is well stocked and merchandise is appropriately displayed at all times
- Assist in the daily banking and cash conveyance as and when required
- Ensure that high standards of shop hygiene and housekeeping are maintained at all times.

The Modern Apprentices will spend the first three months in all three areas taking part in a thorough and detailed induction of the Castle, after which they will each be placed in one area where they will stay for the remainder of the contract unless stated otherwise. At this point, the Modern Apprenticeship qualification will commence.

What will I Learn?

You will undertake a Diploma in Cultural Venue Operations (SCQF Level 6) delivered by Rewards Training.

What Qualifications / Qualities are required?

Ideally we are looking for National 5s, Intermediates including Maths and English, and/or Higher Grades.

Key responsibilities, duties and objectives:

To deliver the high standard of customer care to all visitors at all times; enthusiastically provide information and assistance to visitors throughout the visit, whilst also ensuring visitor safety at Edinburgh Castle; and ensure high standards of presentation and professionalism are maintained at all times.

Desirable competencies:

- Delivering excellent service – demonstrating a commitment to quality services
- Teamwork – Contributing to and supporting working together
- Planning and Organising – putting plans and resources in place to achieve results
- Communication – communicating appropriately and clearly
- Knowledge and Experience – applying and developing knowledge and expertise to achieve results.

Closing Date

This position will be closed when suitable applicants are found.
Structural Design Consultants Ltd

The Edinburgh Guarantee exists to make sure that every school leaver in Edinburgh will leave school with the choice of a job, Further Education or training opportunity.

Job Title: Trainee Civil & Structural Engineering Technician

Contract: Permanent, with a start date of June 2016
37.5 hours a week Monday to Friday with day release at Edinburgh College

Salary: £8,000 per annum starting salary

Employer:

Structural Design Consultants Ltd are leading consultants with a distinguished reputation for providing cutting edge and cost effective design solutions for a demanding market place. Our engineers have previously worked for world class consultants helping to develop distinctive and award winning buildings with some of the country’s leading architects. Many of the projects were for blue chip clients in the financial, retail and commercial sectors which required complex value engineered design solutions.

Work Environment:

Based in the city centre, you will be working in a relaxed and friendly but busy office environment. We enjoy regular social nights out including bowling/snooker/food.

What might a day in this job look like?

- General office duties (printing, photo copying, folding drawings)
- Occasionally answering phones
- Working on improving skills using AutoCAD
- Assisting engineers with drawing preparation/full drafting
- Assisting with site visits when required.

What will I Learn?

As a Trainee Technician your main role will be working up technical drawings including plans/sections and details covering all elements of construction on building projects. Through your 4 years of training you will become fully proficient in AutoCAD and gain knowledge in all aspects of civil and structural engineering elements. You will work directly with engineers and other technicians and therefore build good team working relationships. Detailed in-house training will teach you almost everything you need to know.

After one year of working in the office, you will attend Edinburgh College on a day release basis for 2 years and, on completion, you will achieve an HNC in Civil Engineering. You will spend a final year in the office to complete your training and become a fully qualified Civil/Structural CAD Technician.

What Qualifications / Qualities are required?

- You should have a minimum of 5 National 5s including English, Maths, science/technical subjects and ideally have or expect to achieve a minimum of 2 Highers including Maths and a science subject.
- An interest in technical drawing would be a benefit.
- A keen eye for detail and pride in your work is a must to become a skilled/proficient technician.
- We are looking for someone who is positive and reliable with a willingness to learn quickly and on the job.
- A clean driving licence is preferable but not essential.

Closing Date:
This opportunity will close when a suitable candidate has been found.
The Edinburgh Guarantee exists to make sure that every school leaver in Edinburgh will leave school with the choice of a job, Further Education or training opportunity.

**Job Title:** Business Administrator Assistant - Modern Apprenticeship

**Contract:** Permanent

**Salary:** £6,000 - £12,000 per annum

**Employer:**

DWF Solicitors are a leading legal firm with an ambition to create a unique and alternative approach to delivering legal services.

**Work Environment:**

Based in Edinburgh, you will work as part of a small friendly team in an office environment.

**What might a day in this job look like?**

Your main duties will include:

- capture and completion of client, party and matter details in the relevant system
- coordinate information from Fee Earners to resolve conflict of interest scenarios
- liaison with DWF and Compliance Teams to verify changes to controlled data
- create new client database
- opening cases on relevant case management systems
- assisting in the provision / maintenance of management information
- file management – archiving, housekeeping of files and closure, hard copy and on various systems
- maintain the library and information sheets
- photocopying and scanning documents
- dealing with incoming/ outgoing post
- maintain court diaries
- general administrative tasks including photocopying and ensuring correct changes are applied, general maintenance as and when required
- work with agreed method and case management tools
- following all the firm's policies and procedures
- ensuring confidentiality is maintained at all times.

**What will I Learn?**

You will undertake SVQ Level 2 / 3 in Business Administration.

**What Qualifications / Qualities are required?**

Ideally you should have National 4 / 5 or equivalent in English and Maths, be positive and reliable.

**Closing Date:**

This position will be closed when a suitable applicant is found.
The Edinburgh Guarantee exists to make sure that every school leaver in Edinburgh will leave school with the choice of a job, Further Education or training opportunity.

**Job Title:** Customer Service Advisor

**Contract:** Permanent

**Salary:** £6.70 per hour

**Employer:**
Allied Vehicles Ltd is a large and well established vehicle after-sales centre offering Accident Repair, Service and Parts as well as being one of the UK’s leading vehicle adaptation manufacturers, specialising in wheelchair accessible cars, taxis and minibuses.

**Work Environment:**
Allied Vehicles Ltd, West Craigs Industrial Estate.

**What might a day in this job look like?**
You will ensure that duties are carried out according to documented operational procedures. Tasks will include:

- Ensure that customers receive a prompt, courteous and effective repair of their vehicles within the guidelines of the policies and procedures of the Company.
- Liaise with the Parts Service Supervisor regarding the most effective way of carrying out the work required.
- Ensure all work is correctly invoiced and payment received, handling customer queries courteously.
- Maintain close liaison with customers to ensure maximum customer retention.
- Ensure effective collection and delivery of customers’ vehicles, including administering the hire cars as required.
- Ensure you take responsibility for your personal standards of appearance, safety and discipline, as well as department cleanliness and safety.
- Carry out any other duties that are consistent with the content of the job description.

**What will I Learn?**
We will provide a full company induction and basic in house training for the role, with future potential training and career development.

**What Qualifications / Qualities are required?**
- Good communication and numeracy skills
- Basic IT skills
- Keen to learn and committed to gaining a good understanding of the role, with an enthusiastic manner.

**Closing Date:**
Friday 4 March.
The Edinburgh Guarantee exists to make sure that every school leaver in Edinburgh will leave school with the choice of a job, Further Education or training opportunity.

Job Title: Business Administrator - Modern Apprenticeship (R021)

Contract: Permanent

Salary: Living Wage

Employer:

A care company in North Edinburgh is looking to take on a school or college leaver to work with a busy team.

Work Environment:

This company are looking for a recent school or college leaver to join them as a Modern Apprentice in a Trainee Administration role in their Edinburgh office. You will be providing a hugely important role, supporting the rest of the team with day-to-day administration aspects of the business. This is a great working environment for someone looking for their first role.

What might a day in this job look like?

Working internally with colleagues as well as external agencies, your duties will include:

- answering the phones
- liaising with social workers looking to gain client details
- updating the computer information system
- grouping clients to manage staff caseloads
- providing team leaders with client information for assessment
- creating care plans
- updating staff timesheets
- general administration.

What will I Learn?

You will undertake an SVQ Level 3 Business Administration.

What Qualifications / Qualities are required?

Ideally we are looking for at least Higher English and possibly Administration or Business Management. However a good set of National 4 and 5 or Standard Grades will be considered.

We are looking for someone who is positive and enthusiastic, looking forward to starting their career.

Closing Date:

This position will be closed when a suitable applicant is found.
The Edinburgh Guarantee exists to make sure that every school leaver in Edinburgh will leave school with the choice of a job, Further Education or training opportunity.

**Job Title:** Apprenticeship Programme – 6 posts

**Contract:** Permanent

**Salary:** £16,000 per annum

**Employer:**

Aberdeen Asset Management PLC (AAM) is an international investment management group, managing finance for institutional and retail clients from offices around the world. This means that our clients give us their money and pay us to use our expertise and invest on their behalf. We are now recruiting for our September 2016 Apprenticeship Programme intake.

**Work Environment:**

You will be based between our offices in Princes Street and Morrison Street.

**What might a day in this job look like?**

The aim of the apprenticeship programme is to develop those who can make high-level contributions to AAM without having attended higher education. We encourage high achievers to apply for an apprenticeship as an alternative to university or college.

AAM places strong emphasis on the training and development of our apprentices. Our programme aims to give apprentices a well-rounded view of the asset management industry and its related functions, with a view to finding the business area suited to their skill set. You will be based in teams within our Operations, Finance, Distribution, Corporate and Risk divisions. The programme runs from September for 12-24 months and is designed to help you learn about our organisation, meet the people involved and help you decide in which area you want to begin your career.

**What will I Learn?**

Although most of your learning will take place on the job, you will also be supported to develop your skills further. The following will be provided:

- Extensive induction including industry, technical and soft skills training
- Support through qualifications including SVQ and an industry recognised qualification
- External training sessions in Excel, introduction to investment, classroom training
- Internal training sessions for soft skills, eg assertiveness, business writing, communication
- Opportunity to take part in charity initiatives.

Our programme offers you the chance to learn as you earn. You will complete a vocational qualification during your first year and study for an industry qualification during the second year.

- **1st Year** - SVQ Level 3 in Digital Skills (HNC equivalent)
- **2nd Year** - Industry recognised qualification, eg Investment Operations Certificate (IOC).

**What Qualifications / Qualities are required?**

- A minimum of three Highers (obtained or expected)
- Excellent communication skills
- Good team player
• High motivation
• Ability to be flexible and adaptable
• Commitment to a training programme
• Willingness to learn about the asset management industry
• Interests outside of your studies, eg. coaching, competing, volunteering.

Closing Date:

Sunday 27 March.
The Edinburgh Guarantee exists to make sure that every school leaver in Edinburgh will leave school with the choice of a job, Further Education or training opportunity.

**Job Title:**  Business Administrator - Modern Apprenticeship (R020)

**Contract:**  Permanent

**Salary:**  National Minimum Wage

**Employer:**
An established estate agency and lettings company in west of Edinburgh.

**Work Environment:**
Working for an estate agency in the west of Edinburgh, which has an excellent history of supporting school leavers through Modern Apprenticeships and development within the company, you will be based in a small but busy team, supporting them with all aspects of administration.

**What might a day in this job look like?**

Duties will include:
- answering the telephone and speaking with clients
- creating business documents, letters, and property details
- updating the website
- speaking with contractors and technicians
- dealing with enquiries
- managing the post
- general administration.

**What will I Learn?**
You will undertake an SVQ Level 3 Business Administration

**What Qualifications / Qualities are required?**

Ideally we are looking for National 4s or 5s, Credit or General Level Standard Grades, and/or Intermediates including Maths and English.

We are looking for someone who is positive and enthusiastic, looking forward to starting their career.

**Closing Date:**
This position will be closed when a suitable applicant is found.
The Edinburgh Guarantee exists to make sure that every school leaver in Edinburgh will leave school with the choice of a job, Further Education or training opportunity.

**Job Title:** IT Technical Support – Modern Apprenticeship

**Contract:** Permanent

**Salary:** £10,000 - £12,000 per annum starting salary

**Employer:** OneStop IT have been serving Edinburgh and beyond since 2003. Our client specialise in providing outsourced service desk support and network support to many small and medium sized organisations.

**Work Environment:**

An IT services company.

**What might a day in this job look like?**

As an IT Support Apprentice you will be responsible for the following duties:

- Diagnosing and troubleshooting technical issues on site and remotely
- Installation, updating and maintaining all IT systems
- Communicating with customers and clients with regards to IT difficulties
- Setting up and configuring desktops/laptops/tablets.

**What will I Learn?**

You will gain an SVQ Level 2/3 in IT & Telecommunications.

**What Qualifications / Qualities are required?**

Ideally you will be educated to minimum level of National 5 or equivalent in Maths and English and an IT related subject. You will have a passion for IT and some previous customer service experience.

If you would like to find out any further information then please call 01786 478 478 and ask for Marian.

**Closing Date:**

The job will be closed when a satisfactory level of suitable applications have been received.
The Edinburgh Guarantee exists to make sure that every school leaver in Edinburgh will leave school with the choice of a job, Further Education or training opportunity.

**Job Title:** IT Technical Sales – Modern Apprenticeship

**Contract:** Permanent

**Salary:** £10,000 per annum starting salary

**Employer:** Icelantic was set up in September 2000 to look after servicing SMEs in Edinburgh and Glasgow. We wanted to address the needs of small businesses who can’t justify the expense of supporting and managing a large IT staff but who still require reliable, secure, high-performance information systems.

**Work Environment:**
An Edinburgh-based IT support company.

**What might a day in this job look like?**

Your duties will involve:

- Promoting the company’s services and associated products
- Answering and following up customer/client enquiries
- Providing technical advice to customers/clients
- IT sales administration
- Follow company processes and policies.

**What will I Learn?**

You will gain an SVQ Level 2/3 in IT & Telecommunications.

**What Qualifications / Qualities are required?**

Ideally you will be educated to minimum level of National 5 or equivalent in Maths and English and an IT related subject. You will have a passion for IT and some previous customer service experience.

If you would like to find out any further information then please call 01786 478478 and ask for Niall.

**Closing Date:**

The job will be closed when a satisfactory level of suitable applications have been received.
Job Title: KPMG360° Programme

Contract: 3 or 6 years depending on the career path you take

Salary: £15,000 - £18,000 per annum – dependent on location

Employer:
KPMG in the UK is a leading provider of professional services, including audit, tax and advisory specialisms - delivering integrated solutions to our clients’ issues. We have over 12,000 partners and staff working in more than 20 offices. Being part of a strong global network of member firms gives us a truly global mindset. With passion and purpose, we work shoulder-to-shoulder with you, integrating innovative approaches and deep expertise to deliver real results.

Work Environment:
At KPMG, your long-term future is every bit as important to us as it is to you. That’s why our aim is to give you experiences that will stay with you for a lifetime. Whether it’s great training and development, mobility opportunities or corporate responsibility volunteering activities – you’ll gain a wealth of experiences on which to build a rewarding career. We’re proud of our culture – it’s one that recognises hard work, encourages new ways of thinking and embraces diversity and inclusion. We have an innovative spirit which inspires what we do and how we do it – striving to be better lies at the heart of who we are.

What might a day in this job look like?

Not sure which area of our business you’re most interested in or suited to? Our rotational KPMG360° apprenticeship programme could be for you. In your first year, you’ll learn about all parts of our business so you can make an informed choice about where you’d like to specialise. Once you decide, you could work towards a nationally recognised professional qualification. The programme will last three or six years depending on the career path you decide to take.

You’ll rotate around the business, getting an amazing overview of the huge variety of projects we undertake.

As you undertake placements across Audit, Tax and Advisory, there’ll be no such thing as a typical day, but each placement will include:

- Proactively looking to become an integral part of the team, networking and developing relationships internally and with key members of our clients teams
- Developing commercial awareness, communication, team-work, employability and technical skills as you undertake structured placements across Audit, Tax and Advisory.
- Embracing new ideas and approaches, seeking out new responsibilities and proactively getting involved with a wide range of work.
- Displaying an understanding of KPMG’s values and demonstrating behaviours that inspire the trust and confidence of team members.
- You will take on tasks that directly add value to our clients and our business.

Work will vary from placement to placement, but could include:

- Working as part of an audit team, tasks could include audit of cash, fixed asset additions and disposals and the verification to underlying records and checking of mathematical accuracy of company financial statements.
- Liaising with HMRC and drafting correspondence to clients.
- Providing valuable support to client facing teams in advisory – projects could relate to anything from cyber security to fraud investigations.
- Research tasks
- General support to project teams, including taking minutes at meetings, preparing engagement letters and billing.
What will I Learn?

- First year: Once you join the programme you will have regular conversations about your career. Your foundation year will allow you to make an informed choice about your career path going forward.
- Second and third year: A Technician Level qualification that will enable you to become a qualified professional.
- Fourth, fifth and sixth year: A professional qualification, for example ACA, CA, CTA or CIMA. You will decide whether to specialise in Audit, Tax or Advisory and your qualification studied will reflect this decision.

What Qualifications / Qualities are required?

As a general rule, you'll be expected to meet the following requirements:

- A minimum of A-C in Intermediate 2/National 5 qualifications for both Maths and English
- Equivalent to 260 UCAS points across Highers and Advanced Highers.

However, it's not just your academic performance we are interested in; we will assess your application by combining a number of different factors including work experience and how you perform in our recruitment process.

How to Apply:

https://jobs.kpmgcareers.co.uk/job/Edinburgh-KPMG360-Programme-2016/323549000/

Closing Date:

The programme is on a rolling application basis so places will be filled as applications are received.
The Edinburgh Guarantee exists to make sure that every school leaver in Edinburgh will leave school with the choice of a job, Further Education or training opportunity.

Job Title: Administration Assistant – Modern Apprenticeship (QA6641)

Contract: 12 – 24 months, Mon – Fri, 30 – 35 hours

Salary: £150 - £200 per week

Employer:
A charity in Edinburgh working to enrich the lives of people with disabilities.

Work Environment:
EH11 - office based.

What might a day in this job look like?

- Prepare accounts payable invoices
- Analyse and account for all petty cash spent
- Office receptionist and telephonist
- Recruitment administration, including preparing job recruitment packs
- Promoting the work of the organisation
- Ensure service users’ needs are met and reported accordingly.

What will I Learn?

- SVQ Level 3 in Business & Administration
- Microsoft Office Specialist (MOS)
- One optional day from the QA Professional Development catalogue
- Core Skills Level 2.

What Qualifications / Qualities are required?

You must have or expect to gain 5 National 4s or 5s, Credit or General Level Standard Grades, and/or Intermediates including Maths and English.

Closing Date:
The job will be closed when a satisfactory level of suitable applications have been received.
The Edinburgh Guarantee exists to make sure that every school leaver in Edinburgh will leave school with the choice of a job, Further Education or training opportunity.

**Job Title:** Hairdresser – Modern Apprenticeship

**Contract:** Permanent - 35 hours per week

**Salary:** Minimum wage - £3.87 per hour. You will have the opportunity to earn bonuses based on performance and your wage will be reviewed regularly.

**Employer:**

Natisse is a bright, modern salon close to the city centre offering a full range of hairdressing services. Our clients span all ages and we have a great reputation for being friendly and relaxed but with an eye on the latest trends.

**Work Environment:**

Based at our bright modern salon in Edinburgh, you will work as part of a small team in a friendly but busy environment.

**What might a day in this job look like?**

No two days are the same. You will be welcoming clients, washing hair, supplying refreshments to clients and maintaining the presentation of the salon at all times. You will also have the time to ask questions and learn from other staff members.

**What will I Learn?**

How to deal with clients and various support tasks including:

- industry related training SVQ Level 2 and 3 in Hairdressing
- dealing with enquiries and other customer service related skills
- soft skills such as communication and teamwork.

**What Qualifications/Qualities are required?**

No experience is required, but you must have the following qualities:

- a great attitude
- polite, reliable, punctual and pay attention to detail
- willing to learn and work hard
- good communication skills and the ability to listen and follow instructions
- ability to work as a part of a team.

**Closing Date:**

This position will close when a successful applicant has been found.
The Edinburgh Guarantee exists to make sure that every school leaver in Edinburgh will leave school with the choice of a job, Further Education or training opportunity.

Job Title: Plant Maintenance (Fitter) – Modern Apprenticeship

Contract: Fixed Term for 3 years - Monday to Friday, 40 hours per week

Salary: £10,500 per annum (starting salary) plus annual incentives upon successful completion each year of your apprenticeship and 23 days’ annual leave excluding public holidays.

Employer:

A-Plant is one of the UK’s leading rental equipment companies. A FTSE 100 company which offers superb training opportunities, a supportive working environment and scope for progression, we’re an employer of choice too. Our culture is fast paced, friendly and empowering. With a history of growth and with plans to redefine excellence within the equipment rental industry, our business is going from strength to strength. With over 160 apprentices and winners of the CITB Industry Apprentice Employer of the Year Large Company Award 2015, A-Plant has an excellent apprenticeship programme which is growing each year and we want you to be part of it. We are currently recruiting for Plant Maintenance apprentices to join us in September 2016 to embark on a 3 year Apprenticeship Programme.

Work Environment:

You will be based at our Granton Service Centre working as part of a team in a supportive environment. We make sure our people are well equipped for the job they do.

What might a day in this job look like?

The Apprenticeship Programme combines ‘block release’ training at Reaseheath College, a specialist facility in Cheshire. You’ll usually attend college for 4 weeks out of every 12. However, you’ll receive travel expenses, accommodation, food and lots of support whilst you’re there. The rest of the time, you’ll receive on the job training and be a key member of one of our Service Centre teams. Carrying out supervised services, maintenance and repairs, you’ll keep our equipment in great condition. An Apprenticeship is a big commitment, so you’ll need to work hard and show you’re serious about developing a career with us.

What will I Learn?

- Industry training and support to develop a skilled trade.
- Soft Skills - communication, teamwork, problem solving, customer service etc
- On completion of the Plant Maintenance apprenticeship, you will gain Level 2 NVQ Diploma in Plant Maintenance.

What Qualifications / Qualities are required?

We are looking for an individual with a keen interest in engineering and mechanics. You will also need to meet the following requirements:

- National 4 or equivalent in English, Maths and a technical/ science subject
- Technically competent
- Computer literate
- Attention to detail and accuracy
- Good communication skills
- Excellent problem-solving skills
- A head for heights
- A friendly, helpful nature.
Application Process:

You can apply for the Apprenticeship any time between January and June, but you must be ready to start with us in September 2016 when the college course starts.

As part of the recruitment process, you will need to complete the CITB application form by following the link below. This is in addition to submitting your application for the apprenticeship [http://www.citb.co.uk/bconstructive/citb-apprenticeships/bconstructive-application-form/](http://www.citb.co.uk/bconstructive/citb-apprenticeships/bconstructive-application-form/)

Candidates who already have an SVQ Level 2/3 or equivalent in an Engineering or Motor Vehicle related discipline need not apply.

Closing Date:

Saturday 30 June.
The Edinburgh Guarantee exists to make sure that every school leaver in Edinburgh will leave school with the choice of a job, Further Education or training opportunity.

**Job Title:** RBS Apprenticeships

**Contract:** 18 - 24 months

**Salary:** £266.70 per week

**Employer:**

RBS is a bank with a history of looking ahead. Since we were established by Royal Charter in 1727, we have granted the world’s first overdraft, launched the first mobile bank and developed the first fully functional smart phone banking app. We’re passionate about making a difference – to our customers, our people and the communities we work in. How we treat people is a fundamental part of how we do business. Fairness and honesty are at the heart of how we work and our culture is a positive, professional and friendly one. We believe in creating an open and supportive environment where everyone is given the opportunity to do what they do best. No matter where you work in RBS, you’ll be actively encouraged to share your views and opinions.

**Work Environment:**

As an RBS Apprentice you’ll enjoy a whole host of benefits, and you’ll earn a competitive salary as you learn through on-the-job training. You’ll also have plenty of support from your buddy as you study towards a professional qualification through a structured online learning and development programme. Formal networking opportunities will allow you to meet colleagues from across the business and you’ll be given everything you need to realise your potential and succeed in your role. It’s a fantastic alternative to full-time education, and a unique opportunity to become part of a diverse, challenging and exciting organisation.

**What might a day in this job look like?**

We have big ambitions for our apprentices. It’s your new ideas, fresh thinking and customer focus – along with the technical expertise you’ll gain – that will build our bank in the months and years ahead. Throughout the apprenticeship and beyond, we’ll help you reach your potential in an environment that will stretch you from day one. We currently have Level 3 Apprenticeship opportunities across a number of business areas.

**What will I Learn?**

Combining valuable practical experience and vital learning, the RBS Apprenticeship provides you with everything you need to develop a rewarding career and shape your future. Expect to be challenged as you expand your skills with a hands-on education, gaining invaluable insight and on-the-job training.

**What Qualifications / Qualities are required?**

To be eligible for an RBS Apprenticeship, you must be over 16 and no longer in full-time education. You should have Standard Grade Level 3 or National 4 Maths and English. You’ll need to be bright and ready to kick-start your career in an international financial institution. You’ll bring a fresh perspective, questioning nature and the boundless potential needed to shape the future of RBS. The drive to meet challenges head on, learn on the job and study for a professional qualification is also a must-have. Of course, we’ll expect you to show real enthusiasm and seize every opportunity that comes your way.

**Closing Date:**

Ongoing recruitment.
The Edinburgh Guarantee exists to make sure that every school leaver in Edinburgh will leave school with the choice of a job, Further Education or training opportunity.

Job Title: The Royal Corps of Signals - Job and Apprenticeship Opportunities

Contract: Permanent

Salary: £14,636 increasing to £18,500 after training

Employer: The British Army

The Royal Corps of Signals (Royal Signals) is for you if you want to work with the latest technology and keep the Army connected. Royal Signals are at the forefront of Information Technology and Communications, using cutting-edge equipment and modern digital systems to help the Army stay in contact wherever they are in the world.

Work Environment:

Wherever you are based, you will build a whole range of skills that will help you with your career. You will learn to lead, work under pressure and also work as part of a team. Our team works on satellite communications, information systems and more. Royal Signals soldiers and officers serve throughout the UK and abroad. That means you could find yourself working almost anywhere in the world! With an Army band, many sports teams and the daring White Helmets (a world-famous motorcycle display team), the Royal Signals is a lively corps where there is always plenty to do. Royal Signals is a place where you can let your talents shine.

What might a day in this job look like?

You will start with basic soldier training which will include developing your fitness before studying to become a specialist at the Royal School of Signals.

A typical day will depend on your specific role:

- Communication Systems Engineer (Regular Soldier) – You will look after the networks and technology required to maintain communications in combat; repair and manage digital and satellite systems, computer networks and terminals; deal with wireless and internet-based networks and become an expert in all kinds of software. Together with your Royal Signals team, you will help create and manage digital exchanges, video links and networks while travelling the world and gaining valuable skills and qualifications.

- Communication Systems Operator (Regular Soldier) - You will make sure that the communications network is working as well as possible for soldiers and commanders on the battlefield. You will learn how to engineer and operate digital radio systems and satellite communications and you will become one of the most highly trained and qualified communications professionals in the British Army.

- Installation Technician (Regular Soldier) – You will install, maintain and repair telephone systems and fibre optic networks. You will be trained to work with cable infrastructures and local area networks, closed-circuit television and video conferencing systems. You can also earn professional trade qualifications.

What will I Learn?

The Army can help you gain a range of skills and qualifications. Depending on your role you can gain:

- Foundation and Advanced Apprenticeship in Information Communication Technologies (ICT)
- NVQ Level 2 in IT
- NVQ Level 2 Key Skills in Application of Numbers, Information and Communication Technology
- NVQ Level 3 Advanced Apprenticeship Communication Technologies Professional (ICTP)
• City and Guilds Diploma for IT Practitioners and Advanced Diploma for IT Practitioners
• City & Guilds in Basic Engineering Competencies, Designing and Planning Communications Networks, Communications Cabling
• Technical Certificate in Telecommunications (AES)
• complete parts of the European Computer Driving Licence (ECDL) programme
• membership into the Institution of Engineering and Technology
• variety of driving licences
• an opportunity to achieve a degree

and learn:

• how to set up and repair digital communication systems, study ultra-high frequency radio and become an expert in the use of satellite technology
• advanced computing skills to set up, operate and repair communication networks used on the battlefield
• to use software from leading companies and configure Internet networks along with working the ins-and-outs of Cisco routers, VoIP, fibre optics and databases
• mobile multi-channel microwave radio relay, satellites and public switched networks
• in-depth information systems and procedures training
• to be an Aerial Rigger, installing antenna on communication masts and towers.

We will be behind you every step of the way as you work hard, move up the ranks and obtain qualifications that are recognised by civilian employers. The skills you learn can set you up for a great career both within and outside the Army.

What Qualifications / Qualities are required?

The Army is looking for a motivated individual who wants to build a career as a skilled soldier. In addition you should have:

• at least three National 4s or equivalent in Maths, English and Science/ICT
• strong interest in technology and fixing things
• excellent communication skills
• a willingness to help colleagues to achieve goals
• an enquiring mind.
• physical ability
• interest in sports, adventure and working outdoors.

Closing Date:

These posts will be closed when a satisfactory level of suitable applications have been received.
**The Edinburgh Guarantee exists to make sure that every school leaver in Edinburgh will leave school with the choice of a job, Further Education or training opportunity**

**Job Title:** Royal Logistic Corps (RLC) - Jobs and Apprenticeship Opportunities  
**Contract:** Permanent  
**Salary:** £14,636 increasing to £18,500 after training  
**Employer:** The British Army

The Royal Logistic Corps (RLC) is the largest Corps in the British Army and is the team that makes things possible. The RLC delivers all types of equipment to the right people, in the right place at the right time. That makes us one of the most important parts of the organisation because, without this team, the Army could not function. With 16,000 soldiers and officers working in all types of regiments, the opportunities are varied. So whether you are an Air Despatcher, Marine Engineer, Chef or Driver, there is a wealth of roles in which you can develop and learn new skills to build a career.

**Work Environment:**
You will support operations all over the world. You will be proud to be part of a highly respected team within the Army and the Armed Services community worldwide, mainly because we do not only help our team, but we are also on the frontline helping desperate civilians caught up in conflicts and natural disasters. You will be offered a place to live, free medical care and generous pay, even when you are on adventurous training, playing sport or working abroad. Although we are the largest Corps in the British Army, there is a genuine family feeling within the team and support towards your family and friends, who are welcome to visit our base during our fun and friendly events.

**What might a day in this job look like?**
After your basic training of how to be a soldier, survive outdoors and handle weapons, a typical day will depend on your specific role:

- **Air Despatcher RLC Regular Soldier** - you will attend a four day Air Despatch assessment at RAF Brize Norton where your fitness level and logical thinking will be assessed. If successful, you will spend the next 12 weeks learning how to be an Air Despatcher. After your training, you will prepare supplies, equipment and vehicles for delivery by planes and helicopters. You will load aircraft securely and then deliver the goods while in the air by dropping them using a parachute into the combat zone. You will work as part of a dispatch crew and together operate, drive and maintain a wide range of vehicles, including cargo handling equipment.

- **Ammunition Technician (Regular Soldier)** - safe disposal of ammunitions will be a major part of your role. After your training you will work as a specialist in bomb disposal and all types of ammunition. You will test, repair and safely store everything from ammunition clips to anti-aircraft missile systems. You will be given responsibilities early in your career and after further thorough training you could become a Lance Corporal.

- **Chef RLC (Regular Soldier)** – after learning how to cook over a 16 week period at the Defence Food Services School in Hampshire, you will go through a high level training in hygiene, food preparation and health and safety. You will be responsible for preparing a healthy balanced diet, at home or overseas. You will cook for everyone from new recruits to royalty, producing tasty meals wherever you are located including out in the field. Your ability to prepare food under pressure will be helpful both within and outside the Army. It is a great preparation for a career in the hotel or catering industry.

- **Driver RLC (Regular Soldier)** – after your 17-24 weeks specialist training, you will be a vital link within the Army, transporting soldiers and supplies all over the world. You will learn about different vehicles, cross-country driving, convoy driving, navigating, loading and driving at night. Whether you are driving through desert, jungle or snow, you have to look after your vehicle and get your load to its destination quickly and safely. As a Driver, you could be carrying anything from rations and spare parts to people.
• Marine Engineer RLC (Regular Soldier) – metal working skills is a vital part of being a Marine Engineer. The Army uses landing craft and other vessels to ferry soldiers, vehicles and supplies ashore. After your initial 19 week Marine Engineering course, further modules will teach you the specialist skills you need to keep all Army vessels ready for action at all times. You will ensure these vessels are seaworthy, using metalworking skills like welding and brazing to keep them sound and rust-free. You will also fix engines, from small outboards to powerful marine diesels. You have to think on your feet and be able to work under pressure.

• Movement Controller RLC (Regular Soldier) - your job is to move soldiers and supplies all over the world using vehicles and equipment for transport by road, rail and air, moving swiftly and safely. You will also be responsible for them while they are on the road. After your seven week course at RAF Brize Norton learning your trade, you will monitor transport, put movement plans into action, direct people and vehicles usually at ports, airfields and railway terminals worldwide.

• Petroleum Operator RLC (Regular Soldier) - you will make sure our troops get the petrol, diesel or oil they need to keep their vehicles running. You will work with the Fuel Squadron - a small, highly skilled team that can also be attached to the Royal Marines and Airborne Forces. You will attend an eight week course at West Moors in Dorset to learn your trade. Part of your duties will be to inspect, store and deliver fuel supplies, work with your team to set up or take down storage tanks and pipelines. Petroleum Operators often go on to work in the civilian petrol and oil industries.

• Port Operator RLC (Regular Soldier) – you will load and offload containers, vehicles and pallets from all types of ships, all over the world. You will use specialist heavy-duty vehicles and equipment like cranes and container handlers, and learn to drive and operate different military and port vehicles. Your work will make all kinds of missions possible. You will often be helping the Royal Marines and Airborne Forces after your four week Port Operators course at Southampton and are fully trained.

• Postal Courier RLC (Regular Soldier) - you will ensure all mail is sent quickly and received in good condition including letters to loved ones or official documents. You will attend a four week course at the Defence College of Logistics, Policing and Administration in Deepcut, Camberley. You can train as a courier, mail guard, counter clerk and sorter, specialising in delivering top secret mail and using the latest IT and satellite communication systems. Although you will be mainly UK based, you could be involved in any exercise or operation around the world, moving mail by every means from ships to helicopters and dealing with top secret material.

What will I Learn?
Whatever career path you choose you will get first class training. The Army can help you gain a range of qualifications and experience. Depending on your role you can obtain:

• NVQ Level 2 Certificate in Logistics and Transport
• NVQ Level 2 Apprenticeship Aviation Operations on the Ground
• NVQ Level 2 Apprenticeship Engineering Maintenance and Installation
• NVQ Level 2 Apprenticeship Driving Goods Vehicles
• NVQ Level 2 Apprenticeship International Trade & Logistics
• NVQ Level 2 Apprenticeship Professional Cookery
• NVQ Level 2 Apprenticeship Port Operations
• NVQ Level 2 Apprenticeship Mail Services
• NVQ Level 2 Healthier Foods and Special Diets
• NVQ Level 1 Food Safety, Health and Safety
• an affiliate membership of the Chartered Institute of Logistics and Transport (CILT)
• driving licence for all kinds of vehicles and other higher level qualifications as your career progresses.

You can also learn:

• how to secure goods and equipment on an aircraft, put together automatic and manual systems for parachute drops, attach parachute and dispatch them from an aircraft
• about the basic science behind ammunitions before moving onto practical training on how to inspect, handle, test, repair, store and safely destroy explosives and ammunitions
• basic kitchen skills, food preparation and presentation, how to build field kitchens and make tasty healthy meals on the move cooking outdoors and improvising utensils
- specialist cooking skills as you develop and how to deal with the administrative, finance, accounting, storage and distribution tasks that come with catering
- how to drive and maintain all kinds of vehicles including quad bikes and HGVs in different conditions
- different types of welding techniques, how to spot faults, fix transmissions and electrical hydraulic and refrigeration systems and how to use a wide range of power tools
- about the administrative procedures and how to prepare people, vehicles and equipment before they leave the base at transport terminals and shipment points
- how to store and handle fuel safely, spot hazards, prevent and fight fires and deal with dangerous situations
- how to secure and transfer cargo from sea to land using cranes and other equipment, and also learn how to maintain, supervise mechanical handling equipment and the people using it
- how to track and trace mail all over the world and deal with top secret material, plus run your own post office while acquiring accounting procedures and IT skills in the process.

We will be behind you every step of the way as you work hard, move up the ranks and obtain qualifications that are recognised by civilian employers. The skills you learn can set you up for a great career both within and outside the Army.

What Qualifications / Qualities are required?

The Army is looking for a motivated individual who has a strong interest in building a career as a skilled soldier. In addition you should have:

- at least three National 4s or equivalent in Maths, English and Science (Ammunition Technician)
- at least three National 4s or equivalent in Maths, English and Craft/ Design (Marine Engineer)
- at least two National 4s or equivalent in Maths, English (Movement Controller and Postal Courier)
- fitness and physical ability
- ability to deal with colleagues in a professional manner and work as part of a team
- motivated, quick thinker with an enquiring mind
- excellent communication skills
- a willingness to help clients and colleagues to achieve the goals
- strong attention to detail.

Closing Date:

These posts will be closed when a satisfactory level of suitable applications have been received.
The Edinburgh Guarantee exists to make sure that every school leaver in Edinburgh will leave school with the choice of a job, Further Education or training opportunity.

**Job Title:** Royal Electrical & Mechanical Engineers (REME) - Job and Apprenticeship Opportunities

**Contract:** Permanent

**Salary:** £14,636 increasing to £18,500 after training

**Employer:** The British Army

The Army uses a huge range of vehicles and equipment and the Royal Electrical & Mechanical Engineers (REME) are the people that keep everything in perfect working order. The REME inspect, repair and adapt all our machineries, so they are always ready for action. There are Mechanics, Metalsmiths and Electricians all working within REME and other less well known roles, such as Shipwright, Technical Support Specialist, Electronics Technician and Aircraft Technician. Whichever role appeals to you, we will provide specialist training in your particular trade.

**Work Environment:**

Most Army units have their own REME team and you can move from one unit to another, such as an aircraft unit to infantry. This opens up all kinds of opportunities for you in different locations, working with a variety of equipment. You will meet people from different backgrounds, make new friends and work all over the world. However, much depends on your role and the skills that each unit needs.

**What might a day in this job look like?**

After your basic training of how to be a soldier, survive outdoors and handle weapons, you will continue your training at Lyneham Military of Defence College of Electrical and Mechanical Engineering in Wiltshire. Over the next 12/51/63 weeks you will learn to service, fix, inspect and adapt a huge range of equipment and how to drive depending on your chosen career area.

A typical day will depend on your specific role:

- **Electrical Technician REME Regular Soldier** - you will be fixing failed electrical systems. You will work on all kinds of equipment including vehicles, weapons, communication systems, medical and dental equipment. It is an opportunity to work with the latest technology and to gain experience in everything from Lasers to Thermal Imaging systems. In combat, the Army relies on its electronic systems and you will be required to go wherever you are needed.

- **Metalsmith REME Regular Soldier** - you will use various welding equipment to fix everything from tanks to generators. You will be trained as a highly skilled welder, sheet metal worker and blacksmith, and can specialise in areas such as in ship and boat repair. As a welding expert, you will support your unit by working from technical plans and engineering drawings in challenging working conditions.

- **Recovery Mechanic REME Regular Soldier** – your role will involve a lot of bravery and know-how, to recover vehicles. You will learn how to recover broken down, abandoned and overturned vehicles – from land rovers to trucks and tanks. Powerful winch equipment and cranes help get the job done.

- **Technical Support/Technical Stores Specialist REME Regular Soldier** – You will be trained to do two important roles in one. You will be responsible for securing, shipping and stock profiling a wide range of equipment, keeping track of our vast range of equipment. The other aspect of this role is to teach new Army officers and soldiers the latest military skills, coaching and helping them to be the best.
What will I Learn?

After your basic training to become a soldier, you can continue learning to obtain all kinds of qualifications and practical skills recognised beyond the Army. This includes apprenticeships, City & Guilds, working with cutting-edge technology systems and maybe supersonic car pioneering project. The Army can help you gain a range of qualifications and experience. Depending on your role you can obtain:

- Advanced Apprenticeship in Engineering Manufacture
- Level 2 Intermediate Apprenticeship in Engineering Maintenance
- Level 2 Intermediate Apprenticeship in Engineering Technical Support
- Level 3 Advanced Apprenticeship in Engineering Technical Support
- Level 3 Advanced Apprenticeship in Engineering Maintenance
- Level 3 Diploma in Engineering Technology
- NVQ Level 2 Storage and Warehousing
- Store Accounting Procedures Part 1
- Store Accounting Procedures Part 2
- Bachelor of Science Degree in Electronic Systems Engineering
- Qualifications at different levels in Leadership and Management

and learn how to:

- service the Army's various equipment
- work with different metals and alloys working from technical plans and engineering drawings
- store and pack equipment and also give basic military training to new Army recruits
- study accounting procedures
- drive categories B, C and E vehicles
- recover vehicles using cranes and lifting gear, cut metals and drive tracked vehicles.

We will be behind you every step of the way as you work hard, move up the ranks and obtain qualifications that are recognised by civilian employers. The skills you learn can set you up for a great career both within and outside the Army.

What Qualifications / Qualities are required?

The Army is looking for a motivated individual who has a strong interest in fixing things, likes hands on experience and would like a career as skilled soldier. In addition you should have:

- at least three National 4s or equivalent in Maths, English and a science subject or equivalent
- at least two National 4s in Maths and English or equivalent (Technical Support/Technical Stores Specialist role)
- fitness and physical ability
- ability to deal with colleagues in a professional manner
- strong attention to detail
- excellent communication skills
- a willingness to help colleagues to achieve goals
- an enquiring mind.
- good hand-eye coordination, even under pressure and don’t mind getting messy/ dirty.

Job Title: Royal Engineers - Job and Apprenticeship Opportunities
Contract: Permanent
Salary: £14,636 increasing to £18,500 after training
Employer: The British Army

The Royal Engineers is for you if you want to be a highly skilled soldier. It offers 18 different trades, ranging from Surveyors and Bricklayers to Armoured Engineers and Design Draughtsman. Royal Engineers can also be Commando and Parachute-trained, which means they wear the green or maroon beret. Whatever role appeals to you, you will get outstanding training and the chance to gain qualifications that are recognised in the civilian world.

Work Environment:
On the battlefield, these multi-skilled soldiers (sappers) will support the rest of the Army. Behind the front line, they're just as vital, and can be found constructing camps or even building airfields. After a conflict, they often help local people get back on their feet, setting up water and electricity supplies, clearing roads and supporting hospitals. When not out on operations, the Royal Engineers are an incredibly active gang who love sports and adventurous training. They compete in many sports and the team spirit is a big thing. You will be encouraged to participate at any level you want.

What might a day in this job look like?

- You will start with basic soldier training (23 weeks at Harrogate for 16 - 17 year olds and 14 weeks at Pirbright or Winchester for over 17s), then nine weeks at the Royal School of Military Engineering Regiment in Camberley learning about demolition and bridge buildings etc, and finish up with 27 or 41 weeks’ technical training at the Royal School of Military Engineering in Chatham, depending on your chosen career area.

A typical day will depend on your specific role:

- Design Draughtsman – Royal Engineers (Regular Soldier) - As a Design Draughtsman in the Army, you never know what you will be building next. You are the person who creates the plans that our teams have to follow. Building and demolition are a big part of the Army's work in the UK and abroad on operations. You will use your skills to produce blueprints for buildings, roads, bridges and temporary airports. Your talents will be needed all over the world. That is why we train you to the highest standard, plus the offer of an opportunity to obtain all kinds of trade qualifications.

- Survey Engineer – Royal Engineers (Regular Soldier) - We have all kinds of building projects such as new bases, runways and more. As a Survey Engineer, you will have a vital role in construction, planning projects and mapping sites before building starts. You will advise during the planning stages of large building projects and map out the site before work starts. You could be working anywhere in the world. You will use GPS technology to make sure that everything is set out correctly and keep the structure in line with the plans. A mistake could mean disaster and that is why we offer the highest standard of training but first you will have to show us you have what it takes.

What will I Learn?
The Army can help you gain a range of qualifications and experience. Depending on your role you can obtain:

- Level 3 in Computer Aided Design and Manufacturing (City and Guilds)
- Level 3 BTEC Higher National Certificate in Building Studies /Engineering Surveying (Edexcel)
- Level 5 BTEC Higher National Certificate in Building Studies/ Engineering Surveying (Edexcel)
• Cat B driving licence

and learn:

• to produce blueprints using computer software for buildings, roads, bridges and temporary airports
• about mechanical and civil engineering, construction and structural theory and analysis and how to use power tools
• surveying techniques, use of instruments such as theodolites, computer software programmes, how to produce technical drawing, IT, civil and site engineering
• how to develop your soft skills such as communication, teamwork and, problem solving skills.

We will be behind you every step of the way as you work hard, move up the ranks and obtain qualifications that are recognised by civilian employers. The skills you learn can set you up for a great career both within and outside the Army.

What Qualifications / Qualities are required?

The Army is looking for a motivated individual who has a strong interest in building a career as skilled soldier. In addition you should have:

• at least three National 4s or equivalent in Maths, English and one other subject
• fitness and physical ability
• ability to deal with colleagues in a professional manner
• strong attention to detail
• excellent communication skills
• a willingness to help colleagues to achieve goals
• an enquiring mind.

Job Title: Training Services Assistant - Modern Apprenticeship (R015)

Contract: One year Fixed Term

Salary: National Minimum Wage

Employer:
An established Training Provider in Central Edinburgh.

Work Environment:
Working for a Trainer Provider, you will be based in a small team supporting them with all aspects of administration.

What might a day in this job look like?
You will assist all staff and departments in daily administrative tasks including:

- routine filing of relevant candidate and company paperwork
- recording of candidate payment points
- routine client and customer correspondence
- compilation of sales packs and assessor training delivery material
- monitoring and managing stationery resources
- assisting with the registration and certification process
- binding together workbooks, marketing material and training materials for sales and training departments
- updating and managing candidate and company databases
- assisting the training services co-ordinator with monthly invoicing
- assist the HR manager with routine administrative duties
- putting together the candidate profiles for the sales team.

What will I Learn?
You will undertake an SVQ Level 3 Business Administration.

What Qualifications / Qualities are required?
Ideally we are looking for National 4 or 5, Credit or General Level Standard Grades, and/or Intermediates including Maths and English and Administration, although not essential.

We are looking for someone who is positive and enthusiastic, presentable with excellent communication skills who is looking forward to starting their career.

**Job Title:** Playworker – Employability Fund

**Contract:** 12 week work placement on Employability Fund training allowance of £55 per week plus travel expenses. Successful applicants will secure a job and progress to a Modern Apprenticeship.

**Salary:** Employability Fund Training Allowance of £55 per week plus travel expenses.

**Employer:**
A reputable “After School Club” employer with venues across the city.

**Work Environment:**
You will provide a fun and safe environment for children. You will work as part of a dedicated team to provide first class support and supervision to children in Primary 1 – 7. This involves indoor and outdoor working as well as outings and trips during holiday periods.

**What might a day in this job look like?**
This is a fast moving and varied environment. Duties will include:

- offer a warm welcome to all children and visitors
- assist your team in the planning, set up and delivery of activities
- observe and participate in activities inspired by the children
- prepare snacks for children.

**What will I Learn?**
You will work towards the Pre Employability Certificate of Work Readiness (SQA) during your 12 week work placement then progress to SVQ2/3 in Playwork. You will learn how to be an effective member of the team working in an After School Club environment.

**What Qualifications / Qualities are required?**
This employer is looking for someone who genuinely wants to work with children and is enthusiastic, friendly and polite. You must be a good communicator and enjoy practical tasks and activities and enjoy “being involved”.

**Closing Date:**
This opportunity will close when a suitable number of applications have been received.
The Edinburgh Guarantee exists to make sure that every school leaver in Edinburgh will leave school with the choice of a job, Further Education or training opportunity.

Job Title: Kitchen Assistant/Commis Chef – Employability Fund

Contract: 12 week work placement on Employability Fund training allowance of £55 per week plus travel expenses. Successful applicants will secure a job and progress to a Modern Apprenticeship.

Salary: Employability Fund Training Allowance of £55 per week plus travel expenses.

Employer: Elior is an award winning hospitality employer based within BT Murrayfield Stadium and Hibernian Football Club.

Work Environment:

This is a very structured and disciplined environment where tasks are allocated from the Head Chef. This can be a very demanding, physically hard working environment; however, it can offer high levels of job satisfaction. You will work as part of a highly effective team where everyone takes personal responsibility for their own tasks to ensure the award winning levels of service are maintained.

What might a day in this job look like?

You will arrive early ready to start your shift – looking pristine. This is a fast moving, varied and demanding environment. You will have a list of tasks to complete including:

- cleaning / pot washing
- carrying out all tasks in line with company training/policies and procedures
- food preparation
- process and accept deliveries
- carry out internal monitoring/checks
- serving food to customers.

You will be required to comply with strict health and safety / kitchen protocols.

What will I Learn?

You will:

- work towards the Pre Employability Certificate of Work Readiness (SQA) during your 12 week work placement then progressing to SVQ 2 in Hospitality
- receive industry specific certificates which include Food Hygiene, Health & Safety and manual handling
- learn how to be an effective member of the team working in a professional kitchen/catering environment.

What Qualifications / Qualities are required?

This employer is looking for someone who genuinely wants to work towards becoming a Chef “of the future” and can take instruction. If you have drive and ambition and the ability to train on the job you can take advantage of this employer’s excellent development programme. If you are prepared to work hard, follow the training you are given and support your team, you can progress within this industry.

Closing Date:

This opportunity will close when a suitable number of applications have been received.
The Edinburgh Guarantee exists to make sure that every school leaver in Edinburgh will leave school with the choice of a job, Further Education or training opportunity.

Job Title: Hairdresser - Modern Apprenticeship

Contract: After a successful trial period of 3 months, you will begin a 2-3 year Apprenticeship leading on to a permanent position. 5 days a week, Tuesday - Saturday

Salary: £125 per week

Employer:

At Austen Thomson Hair, our aim is to successfully translate current fashion movements into bespoke looks tailored specifically to the individual. Devoted to making each visit an experience, our caring and professional team delivers panoramic lifestyle consultations paying absolute attention to detail to our clients' personal and lifestyle needs.

Experts in hair styling and hair colouring, we have an uncompromising desire to deliver to you the highest level of technical skill, customer care and professionalism within a creative and relaxed atmosphere, which strives to exceed your expectations. Austen Thomson Hair is led by husband and wife team, Austen and Louise, who are dedicated to inspiring in people a progressive attitude to education and development.

Work Environment:

You will work as part of our team of 5 stylists and designers in our lovely salon at Junction Bridge.

What might a day in this job look like?

Your duties will involve:

- meeting and greeting clients
- making teas and coffees
- assisting stylists
- sweeping and general housekeeping of the salon
- shampooing and conditioning
- applying treatments

and then gradually adding to your duties as your learning progresses.

What will I Learn?

You can expect:

- to work with an award winning salon group who continuously push the boundaries in creativity and customer service
- to join a growing, successful business with exciting career opportunities for your future
- to receive an Austen Thomson Hair diploma and learn all the skills needed to become a busy stylist
- to work with leading techniques and products
- ongoing training and development with continuous feedback and support.

Austen Thomson Hair will provide all the work related training, knowledge and experience necessary to become an accomplished hairdresser. In addition, you will undertake an SVQ Level 2 in Hairdressing.
What Qualifications / Qualities are required?

This opportunity is available to a young person with a drive and ambition to become a top hairdresser. We are looking for someone who is passionate and excited about the start of what can be an amazing career! It would be beneficial if you have good literacy and numeracy skills at National 4 or 5 level or equivalent. However, with a positive ‘can-do’ attitude, we can teach you everything needed to become a valuable member of our team.
