Top Tips for parents and carers

This information was gathered in consultation with almost 450 children and young people from Edinburgh. We asked them what they hoped their parents and carers would do to help them develop good mental health and emotional wellbeing. Here’s what they said:

Do stuff that makes you happy. If you are less stressed, everyone is less stressed.

Spend more time really listening and talking with us. Take our distress seriously when we open up about our worries.

Love us, care for us, feed us and make sure we get a good night sleep so we aren’t like zombies the next day.

Don’t blame yourself, sometimes we are just having a bad day!

Don’t force the issue if we don’t want to talk immediately. Make time and space for us to tell you in our own way.

Share your own experiences with us and be open about your mistakes or struggles in the past.
Take an interest in our lives, friends and hobbies outside of school.

Listen to our opinion and allow us to be involved in making family decisions.

Say sorry or give us a hug after we have a row or fall out.

Have expectations that are realistic and don’t put too much pressure on us. There are many paths to success.

Learn more about mental health, websites and services so you are comfortable talking about these issues.

Accept us for who we are and encourage our dreams and choices, not just yours.

Do more fun things together as a family.

Ask about school and help us with our homework.

Remember we are still learning and working out who we are. We will make mistakes and when we do, please be calm and patient with us.

If you want to start a conversation with your child here are a few ideas of where to start.

- What are you most looking forward to in the next few weeks?
- How are you feeling about ...?
- What helps you feel calm?
- What do you love about ...?
- Is there anything that you are worried about?
